

## *The Pet of the Month is ...*

---

### *Jack*

Jack is a 4 year old Poodle Mix that lives with Karen Krueger and the rest of her family. The Krueger family adopted Jack when he was 9 months old after they found a listing for him on Craig's List. He likes to sleep either in his crate or on the top of the couch and his favorite toy is a tug toy. He enjoys going to the dog park and going for walks. Jack loves to eat either raw hides or Pup-Puroni dog treats and he likes to hide corn cobs around the house.

When Jack was younger he was caught standing on the kitchen table. He had spilled a glass of milk and was lapping it up and eating some food that was accidentally left out on the table. After this the family started calling him the Kentucky Table Dancer.

Jack is a very fun and energetic young dog that we look forward to seeing for several years to come.
