
The pet of the month is...

Oreo

Oreo is a 8 month old black and white Domestic Long Hair that lives with Lisa Malnory and her family. Oreo enjoys sleeping in her cat tower, in the sun in the sun porch, or basically anywhere there are people. She also loves to eats wet food and the occational bits of cold cut ham or turkey.

Oreo likes to play with anything that is lying around on the floor, little bouncy balls, and Jingles, the other cat in the household. Oreo and Jingles get along great and Oreo loves to tackle Jingles which makes everyone laugh. Oreo is facinated with the tub and sink in the bathroom especially when there is some water there. Oreo's basic mission in life is to eat, sleep, play and purr as loud as she can, which is pretty loud.

We are looking forward to seeing Oreo. Jingles and the rest of her family for several years to come.
