

Scooter

Scooter is a 12 year white mixed Lhasa Apso that lives with Sandra Schultz. Scooter prefers to sleep on the bed and recliner with Sandra. Sandra also says that Scooter will still go to her husband's chair to sleep even though it's been several months since her husband passed away. He loves to play with balls and stuffed animals and even takes a stuffed animal with him to bed. Scooter always played with a multi colored worm toy until Tucker, Sandra's daughter's dog who is younger, found it and destroyed it. Scooter and Tucker get along very well and Sandra says that Tucker has definitely perked Scooter up.

Scooter enjoys eating cheese and basically anything off of the table. He is very good at begging and is spoiled according to Sandra. Scooter likes going for walks and car rides. When he was younger he would ride in the motorhome with Sandra and her husband on trips to Texas and he thought he was the "king of the castle." Sandra says he is a great traveler. Scooter enjoys playing with Tucker and absolutely loves going to get the mail. He knows many tricks including sit, sit pretty, shake, high five, and lying flat when asked "what else can you do?"

While Scooter has cataracts they haven't slowed him down to much yet and he absolutely loves Dr. Dommer. The doctors and staff at Cedar Grove Veterinary Services look forward to seeing Scooter and the rest of his family for many years to come.
